

AFFIDAVIT

The declaration of independence consists of three parts:

1. Affidavit
2. explanations on the use of gAI in the thesis
3. conclusion

I hereby declare in lieu of oath that I have written this thesis independently and have not used any aids other than those specified. I also certify, that

- a) the written version submitted corresponds to the electronic version;
- b) the Master's thesis has not been used for any other examination;
- c) the Master's thesis has not yet been published.

EXPLANATIONS ON THE USE OF GAI IN THE THESIS

I confirm that I have only used generative artificial intelligence (AI) tools to the extent agreed with the examiners.

I confirm that I have only used AI tools as an aid and that my creative influence predominates in the work presented. I am aware that the use of AI-generated texts does not guarantee the quality of content and text.

I am fully responsible for the adoption of any machine-generated text passages I have used, and I document in the following list the tasks for which I have used AI tools.

In this thesis, I used AI systems as follows:

- ☐ not at all
- ☐ for brainstorming
- ☐ for creating the outline
- ☐ for creating individual passages, in total to the extent of %
- ☐ to develop software source texts/program code
- ☐ to optimise or restructure software source texts
- ☐ to proofread or optimise
- ☐ Other, namely:

I declare that I have provided full details of all uses. I am aware that missing or incorrect information may be regarded as an attempt to deceive. In addition, I am prepared to disclose my approach (e.g. through work notes, prompts or verbal explanations, etc.) upon request.

CONCLUSION

If the use of AI writing tools was not expressly permitted for the preparation of the thesis, these must be identified.

I am aware that a violation of the above points may have consequences under examination law and, in particular, may result in the examination being assessed as “insufficient” and, in the event of multiple or serious attempts to cheat, may result in exmatriculation.

First name and surname of the student

Title of the thesis

Date

Handwritten¹ signature of the student

¹ According to the applicable legal basis, the affidavit must be signed by hand, i.e. this document must be printed out and signed by hand (see examination regulations in conjunction with Section 59 HmbHG, Section 27 HmbVwVfG and Section 156 StGB). Digital signatures are not permitted because they do not fulfil the written form requirements.
